

Grading Policy

Calculating grades

Evaluation of daily assignments may be either graded in the traditional percentage manner or rated on a scale of 1-4. If the assignment is rated 1-4 (4 being best), it is considered a practice task and will not be averaged into the student's final grade. If scored as a percentage, the grade will be factored into the student's average, using the following weighting:

| | |
|---------------------|-----|
| Daily assignments | 20% |
| AR/projects/writing | 30% |
| Quizzes/tests | 50% |
| Rated practice* | 0% |

(*These tasks will be assessed, but the scores will not be factored into the overall grade.)

Automatic zeros will not be acceptable. If a child doesn't complete a task, a zero will be entered into the grade book until such time as the child completes the assignment.

Quiz/Test Retake Policy

Retake opportunities are at the discretion of the individual teacher.

Late Assignment Policy

Students are expected to complete all assignments. When a student does not complete an assignment or turn it in on time, opportunities for learning are diminished. A late assignment, will be entered in Power Grade as a DND (did not do) and factored in as a zero. Students will then contact a parent and make arrangements to stay that afternoon from 3:30-4:00 to complete the task. **Although assistance will be provided during PM school, additional time may be required to complete the task(s). It is understood that the student will complete any late assignment that night and submit it the following day.**
